

DEDICATION. QUALITY. PASSION.

These are the cornerstones of Leader Homes, Inc.

Bill Buchan, with a degree in Engineering, was looking for more Satisfaction in his early Career. Bill was drawn to the housing business. So, he chose to work in various capacities with local Builders.

In Michigan Bill eventually formed a building company in 1990 building homes in small and large communities. After 16 years of success, Bill expanded into North Carolina and Founded: Leader Homes, Inc. in 2006.

No stranger to hard work, Bill grew his businesses from just one home to annual volumes exceeding 70 homes. Leader Homes, Inc. has developed and built in multiple communities as large as 300+ homesites as well as boutique in-fill projects.

Leader Homes, Inc. offered homes in various capacities from entry level to high-end custom homes.

After over 25 years of building experience Bill noticed some differing trends in the industry. Some of the core; Expertise, Quality and Passion had been exchanged for Quantity and Production.

There seemed to be a lack of real “Craftsman” in lieu of production and quantity.

Bill decided to get back to these “Core Values”. Today, Leader Homes, Inc. is focused on “Authentic Custom Homes” and prides itself on also being a “Relationship Builder”.

We Care about our Clients.

We Care about our Homes.

Our focus has shifted purposefully to fewer homes with Higher-Quality Structure and Finishes.

Strong traditions and strong values help us understand that your home is more than an address – it’s the backdrop to your life. When you open the door to your new Leader “Home”, you’re opening the door to Quality living.

Find Better Value, Better Quality Living... Today!
